SPONSORSHIP & PARTNERSHIP PROSPECTUS

10TH RETT SYNDROME WORLD CONGRESS

TORONTO, ONTARIO CANADA

OCTOBER 11-14, 2028

HOSTED BY:

ORSA 35 YEARS

Ontario Rett Syndrome
ASSOCIATION OF CANADA | SINCE 1991

10TH RETT SYNDROME WORLD CONGRESS

The Ontario Rett Syndrome Association of Canada (ORSA Canada) is proud to present the 10th Rett syndrome World Congress (RSWC). This collaborative global meeting of international scientists, clinicians, therapists, and families is dedicated to discussing and presenting recent advances in basic, translational, and clinical research on Rett syndrome, all with the shared goal of advancing treatment, management, and ultimately finding a cure.

The RSWC is expected to bring together 750 delegates from around the world. The event will feature both a family conference and a scientific meeting, running concurrently with coordinated joint sessions designed to unite families, clinicians, researchers, and Rett syndrome organizations. The venue will also include a poster exhibition and exhibitor space.

In addition, the RSWC will provide opportunities to strengthen international collaborations and enable companies to explore potential partnerships in Canada, further engaging Canadian clinicians, researchers and families.

Traditionally held every four years, the Rett syndrome World Congress has previously taken place in Austria (1988), Belgium (1992), Sweden (1996), Japan (2000), France (2008), USA (2012), Russia (2016), and Australia (2024). The 10th Rett syndrome World Congress will take place in Toronto, Ontario, Canada, in 2028, marking a new chapter for the global Rett community.

ATTENDEES INCLUDE

- Parents, caregivers, and siblings of those with Rett syndrome
- International Rett Syndrome Associations
- Scientists
- Clinicians
- Post Doc Fellows
- Graduate Students
- Occupational Therapists
- Speech Therapists
- Pharmacists
- Physiotherapists
- Genetic Counsellors
- Educators
- Government Agencies
- Public Health representatives
- Investors
- Industry professionals

LOCATION & VENUE

The RSWC will be held in the heart of downtown Toronto at the Hilton Toronto Hotel, located at 145 Richmond Street West, Toronto, Ontario, Canada. This central location offers convenient access to the city's world-class amenities, cultural attractions, and transportation hubs, providing an ideal setting for both international and Canadian attendees. The Hilton Toronto is approximately 30 minutes from Toronto Pearson International Airport (YYZ) and 10 minutes from Billy Bishop Toronto City Airport (YTZ). Both airports offer convenient taxi, rideshare, and shuttle services to the hotel. Union Station, Toronto's main rail hub with direct access to the UP Express from Pearson, is also within walking distance.

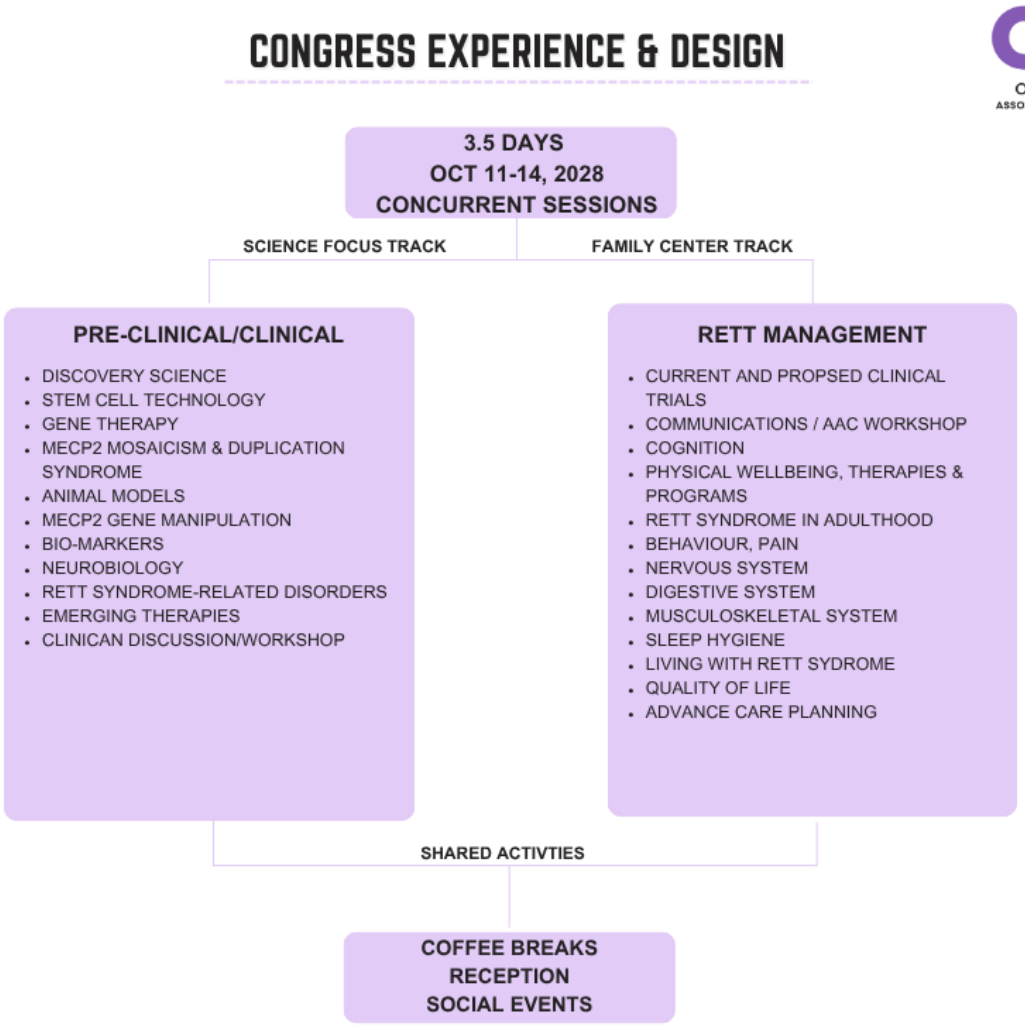

The Hilton features spacious meeting and conference facilities across multiple floors, including a grand ballroom capable of hosting more than 750 delegates, as well as additional breakout rooms for concurrent scientific and family sessions. Dedicated areas will be available for poster presentations, exhibitor displays, and networking lounges to encourage collaboration and engagement.

To support families, the venue will include a staffed respite room designed for children and individuals with Rett syndrome, offering a comfortable and inclusive environment for all attendees. The hotel's on-site dining options, fitness center, and indoor pool will also be available to registered guests.

Situated within walking distance of Toronto landmarks such as Nathan Phillips Square, the CN Tower, and the Entertainment District, the Hilton Toronto provides the perfect combination of accessibility, comfort, and opportunity to experience Canada's largest and most vibrant city.

RSWC PROGRAM

The RSWC will feature a series of oral sessions, each preceded by a keynote address delivered by one of our distinguished invited speakers. The RSWC program is organized into two main tracks: the Preclinical/Clinical Track, which will highlight the latest research findings, scientific advances, and clinical developments, and the Family Track, which will focus on therapeutic approaches, family-centered topics, and issues relevant to the Rett syndrome community.

ORSA CANADA'S RSWC MISSION, VISION, & OBJECTIVES

MISSON

To bring people from around the world together to work collaboratively to improve the quality of life of individuals living with Rett syndrome and their families.

VISION

To unite the global Rett syndrome community in Toronto Ontario, Canada, for an inclusive, collaborative, and transformative World Congress that celebrates scientific progress, empowers families, strengthens connections, and drives innovation toward improved care and a future cure.

OBJECTIVES

1. **Showcase Scientific Excellence**

Present the latest advances in Rett syndrome research, clinical care, clinical trials, therapies, biomarkers, and emerging treatments.

2. **Empower Individuals, Families and Caregivers**

Ensure the voices, experiences, and priorities of individuals with Rett syndrome, families, and caregivers are meaningfully represented throughout the Congress.

3. **Strengthen Global Collaboration**

Bring together researchers, clinicians, allied health professionals, organizations, families, advocates, and industry from around the world to share knowledge and build meaningful connections.

4. **Celebrate Community Milestones**

Recognize the progress, achievements, and contributions of the global Rett syndrome community.

5. **Promote Accessibility and Inclusion**

Create an accessible and inclusive Congress where individuals with Rett syndrome and people with diverse abilities can participate fully and meaningfully.

6. **Leverage Canada's Leadership in Research and Innovation**

Highlight Canada's contributions to Rett syndrome research, clinical care, innovation, and the broader rare disease community.

7. **Promote Public Awareness and Advocacy**

Increase understanding of Rett syndrome and support greater awareness, recognition, advocacy, and investment in the needs of individuals and families.

8. **Foster Local and International Partnerships**

Create opportunities to develop and strengthen partnerships that support continued collaboration, knowledge sharing, and progress within the global Rett community.

9. **Deliver a World-Class Experience**

Deliver a high-quality, welcoming, accessible, and engaging Congress that reflects the importance and diversity of the global Rett syndrome community.

SPONSORSHIP OPPORTUNITIES

A variety of sponsorship opportunities are available that will:

- Provide companies with opportunities to present relevant data through dedicated sponsored symposiums
- Allow companies with an involvement or interest in Rett syndrome to actively participate in the RSWC
- Reduce the registration costs to delegates
- Enable ORSA Canada to offer funding for scholarships and travel for students and researchers from low-income countries
